## Graydon's Enterprise Packages

Over the years, we have invested time and resources in building and perfecting commercial business and credit information solutions. As a result, we have designed our Enterprise Packages - a set of three risk management and monitoring packages that provide you with all the information you need to assess who to do business with and how much to trade on a monthly basis, as well as email alerts that will ensure you can stay one step ahead of any business changes.

### Simply choose a package that allows you

- ✓ Unlimited business and credit risk reports for a whole year for a selected number of companies in your sales ledger.
- ✓ Access to free company information including key decision makers, enabling targeted sales and marketing activities.
- ✓ To proactively monitor the financial strength, payment patterns and critical events of companies in your portfolio, including changes to business owners and directors.
- ✓ To swiftly react to email alerts to mitigate potential issues.

**INCLUDES  
CONTINUOUS  
MONITORING**

#### Enterprise 100

Allows unlimited comprehensive reports and monitoring including email alerts on 100 UK companies of your choice for a year.

#### Enterprise 250

Allows unlimited comprehensive reports and monitoring including email alerts on 250 UK companies of your choice for a year.

#### Enterprise 500

Allows unlimited comprehensive reports and monitoring including email alerts on 500 UK companies of your choice for a year.

### About Graydon
